1.ABOUT

Information about the initiative

Comparable skills across the PostgreSQL ecosystem

The Open Alliance for PostgreSQL Education frames and executes standardized PostgreSQL exams.

The result is a unified, community-driven PostgreSQL certification which enables the PostgreSQL industry to offer:

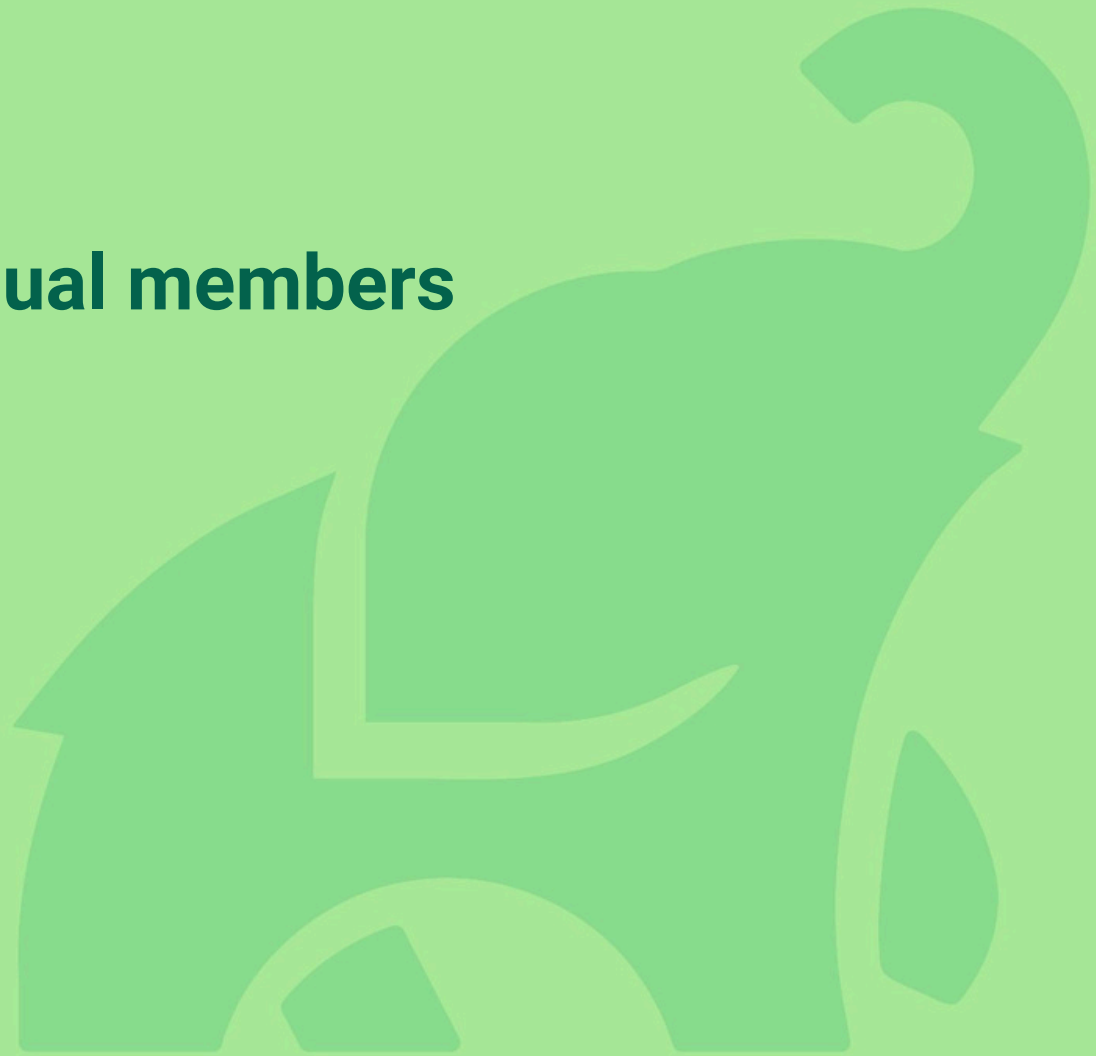

- Transparent skill levels
- Fair comparison of expertise
- Clear professional development paths

This benefits *individuals and employers*.

2.JOIN

Benefits for individual members

Join the OAPE as an individual member

- <#1> Shape PostgreSQL certification standards
- <#2> Early access to updates and resources
- <#3> Participation in specialist working groups
- <#4> Professional recognition and visibility
- <#5> Member-only discounts

€ 75
annual membership fee

One membership – many ways to contribute and grow.

<#1> Shape the Future of PostgreSQL Certification

As an individual member, you can:

- Participate in public reviews and consultations
- Provide feedback on:
 - curricula
 - exam frameworks
 - learning standards

Participation is coordinated through the Technical Board, whose members are appointed by the Board from within the membership.

Help define skill levels that employers can trust and professionals can grow into.

<#2> Early access to updates and resources

Stay ahead of evolving professional standards

- Early insight into:
 - new exam versions
 - changes in competencies
 - official study resources
- Anticipate shifts that affect:
 - hiring expectations
 - role profiles
 - required expertise

Prepare strategically – not reactively.

<#3> Participation in specialist working groups

Join volunteer working groups focused on:

- Exam review and quality assurance
- Pedagogical methods and learning tools
- Accessibility and inclusive education
- Marketing, outreach, and community growth
- Diversity initiatives

Gain hands-on experience contributing to a global education standard.

<#4> Professional recognition and visibility

As an individual member, you receive:

- Permission to display the “**OAPE Individual Member**” digital badge on:
 - personal websites
 - personal social platforms
- Optional public visibility through:
 - the OAPE member directory
 - specific working group pages (for contributors)

Make your commitment to professional excellence visible.

<#5> Member-only discounts

- Individual members benefit from 5% discount on:
 - OAPE-approved trainings
 - OAPE certification exam vouchers

Support the standard – and benefit from it.

Why your membership helps

- Improve fairness and quality of certification exams
- Enable objective qualification and comparison of skill levels
- Reduce friction and bias in PostgreSQL hiring
- Support accessibility and diversity in education
- Strengthen the global PostgreSQL talent ecosystem
- Your contribution scales far beyond your own career

€ 75
annual membership fee
